## Matched Twins

Correct solutions to the "Match the Twins" contest are now appearing daily in the Bulletin. Watch the page each day for two sets of correctly matched twins.

### QUAINT CHURCH IN OILFIELD

Old world architecture in the heart of the Edmonton oil fields is featured in this quaint Russian Orthodox Church. The old world custom of a burial ground in the churchyard is maintained at this church, about half way between Devon and Nisku, 15 miles southwest of Edmonton.

### WANT ADS HELPFUL TO FARMERS

Do you need additional stock for your farm? Or maybe you want to start pig-raising? There are many ways of obtaining good reliable breeds but only *The Bulletin* Want Ad way. Only recently an Alberta farmer wanted to sell a cow. Within two days of inserting his ad in the Bulletin, the animal had a new owner.

### South Air Firm Is Liquidated

CALGARY, April 25.—(CP)—Gordon Elmes, manager of Cal-Air Ltd., announced Saturday that the firm had gone into voluntary liquidation. He said the liquidation action by the commercial aviation company, was the result of a claim for \$100,000 filed against the company. The claim was filed last week by the Crown Trust Company, administrators of the estate of John Cecil Haley, Mr. Haley, 75, was killed in a plane crash near Crossfield last Nov. 2.

## Judge Named to Probe March 8 Fire Charges

Charges of gross negligence against the Edmonton fire department in the Northern Hardware building fire will be investigated by Mr. Justice G. B. O'Connor of the supreme court of Alberta.

The charges were made by George H. Scott, president, Northern Hardware Ltd., owner of the building, and Walter S. Campbell, official of Gaslight Alberta Ltd., tenant in the building.

**\$2 MILLION DAMAGE**  
The loss on March 8 last resulted in damages in excess of \$2,000,000.

Chief Justice Horsey Harvey today indicated that Mr. Justice O'Connor had agreed to hear the charges.

The jurist is at present recuperating at the Pacific coast following an operation. He is expected to return to Edmonton prior to May 8 for sittings of the appeal court here.

Following the appeal court action, she will commence arrangements.

### SHE WON'T BE EVICTED

## \$800-Pound Bubbles Defies Her Landlord

CHICAGO, April 25.—(AP)—Maybelle Bubbles knows what she wants, maybe she doesn't, but it's all the same to Robert Bean, director of the Brookfield Zoo. He has the problem of evicting her from her quarters for being too big to live in the quarters. Bubbles has a massive problem unless she decides to cooperate or is fed up by the zoo.

Bubbles is an 800-pound two-year-old hippopotamus. The Brookfield Zoo has said her is the Columbus Zoo to make room for her younger sister, Bubbles.

Four Columbus Zoo men arrived last Thursday with a van and a big crate to take Bubbles to her new home. But they couldn't get her out of the quarters. They tried to push her out of the quarters. They tried to push her out of the quarters. They tried to push her out of the quarters.

## Canadian Plane Stands By For Shanghai Evacuation

### Red Officer Is Ordered Deported

Today in Ottawa, S. Bruce Smith, K.C. and R. V. MacCoshan, in behalf of Edmonton, are presenting to the federal cabinet a case for the Yellowhead Route of the Trans-Canada Highway which is so strong and unanswerable that intelligent men cannot ignore it.

The case in brief is this:

1. That the highest elevation of the Yellowhead Route is only 3,717 feet as compared with 5,337 on the Kicking Horse Route and 4,150 on the Crownst Road.

2. That the Yellowhead Route has the least snowfall of any of the three routes.

3. That construction costs in the Yellowhead Route will be cheaper than on the others just as the construction of the CNR was cheaper than that of the CPR.

4. That maintenance on the Yellowhead Route will be cheaper than on the others. It is doubtful, for instance, if the Kicking Horse Route could be kept open in winter months without prohibitive expenditures.

5. That the Yellowhead Route would serve a greater population than the others, 57.9 per cent of Alberta's population living above a line drawn between the Kicking Horse Route and the Yellowhead Route.

6. That the Yellowhead Route is the central route, coming closer to an equidistance between important Alberta points than the other roads.

7. That the Yellowhead Route is vital for military purposes since it reaches Vancouver, connects with the Alaska Highway and will also connect with the highway to Prince Rupert.

8. That the Yellowhead Route serves Riding Mountain, Prince Albert, Elk Island and Jasper National Parks and five Provincial Parks including Mount Robson.

9. That the Yellowhead route from Winnipeg to the mountains passes through agricultural areas with substantial tree growth while the Kicking Horse Route runs through flat prairie country subject to winds and dust.

These arguments are unanswerable because they point to the fact that the Yellowhead Route is the one upon which nature has conferred all the advantages.

In vigorously supporting this Yellowhead Route, the Mayor of Edmonton is eminently right, the Chamber of Commerce is eminently right and every organization that lends its support to the project will be right.

It is impossible to argue with nature.

And nature herself has laid out the course of the Trans-Canada Highway so far as Canada is concerned.

—Editor.

## Yellowhead Delegates Give Case to Cabinet

OTTAWA, April 25.—(CP)—A four-man delegation from the West told the cabinet today the choice of a wrong route for the Canadian Pacific Railway has cost the country "tremendous" amounts of money and urged the appointment of a royal commission to prevent repetition in the choice of a Trans-Canada highway.

They said a variety of reasons make it essential that the highway follow the so-called Yellowhead route. The delegation, which included Mr. S. Bruce Smith and R. V. MacCoshan of Edmonton and S. N. MacEachern, commissioner of the Saskatchewan Board of Trade.

The alternative routes are the Kicking Horse route, passing through Regina, Medicine Hat, Calgary, Banff, Kicking Horse Pass and Kamloops, and the southern route through Regina, Medicine Hat, Lethbridge and the Crow's Nest Pass.

**CPR CASE CITED**  
The delegation argued that "the CPR case" was a warning to the federal government. It was backed up by legal decision.

## WESTERN GERMANY CONSTITUTION IS SET

FRANKFURT, April 25.—(Reuters)—Full and final agreement between the western powers and the Germans on a west-German constitution was reached today.

Announcement of the agreement was made by Gen. Lucius Clay, United States military governor. Terms were hammered out by the three Allied military governors and 17 German representatives from the Bonn constituent assembly.

The agreement completes the framework for the proposed west German state. Its actual creation, including democratic elections, may now be only a matter of weeks.

## 22 Bullets Crash Into City Trams

Edmonton city police today are seeking a strange criminal—one who has been firing on transit vehicles using the top deck of the High Level Bridge.

For the second time since last Friday police have received reports of a gunman firing at a train and a street car with a 22 calibre rifle. In both instances persons have narrowly missed being hit.

**NEAR PASSENGER'S HEAD**  
Today Edward Dalponte, of 10707 83 avenue, a passenger in a north-bound street car, said a bullet came crashing through a window, narrowly missing his head, as the train was crossing the bridge.

Last Friday a baggage car employee of the Canadian Pacific Railway told police the narrowly escaped a bullet which shattered a window in his train crossing the bridge.

**PREPARED TO FIGHT**  
The Canadian Pacific Airline aircraft originally came to the Far East to prepare the way for regular CPR service which starts shortly out of Vancouver, B.C.

It was at the disposal of both the vice-consulate here and the consulate in Shanghai. It was in other to take out Canadian and Chinese citizens in the danger zone.

**NO BULLET FOUND**  
Motorman John Somerville, of the Edmonton Transit System, reported today's incident to police who later searched the train for a bullet without success.

Police authorities were alert for action they insisted to take, but it was the lack of investigation of both incidents is under way.

**Russ Perpetrate Border Incident**  
FRANKFURT, April 25.—(UPI)—Five British soldiers and three American zone German border policemen were held by the Russians tonight after a series of border incidents in which Soviet troops tried on American, British and German patrols.

British officials in Berlin demanded that the Russians return a Lieutenant and four soldiers captured Friday night by Russian troops who fired on them.

## Nature Points To Yellowhead

Today in Ottawa, S. Bruce Smith, K.C. and R. V. MacCoshan, in behalf of Edmonton, are presenting to the federal cabinet a case for the Yellowhead Route of the Trans-Canada Highway which is so strong and unanswerable that intelligent men cannot ignore it.

The case in brief is this:

1. That the highest elevation of the Yellowhead Route is only 3,717 feet as compared with 5,337 on the Kicking Horse Route and 4,150 on the Crownst Road.

2. That the Yellowhead Route has the least snowfall of any of the three routes.

## Boy, 8, Killed By His Horse

An eight-year-old boy, Alta, was killed today at the end of a last by a bolting horse which was preparing to ride to school.

According to RCMP reports from the area, the boy had gone into the pasture near his home to rope a saddle horse which he used to ride to school daily.

After tying the rope around the horse's head and holding the other end in a half-hitch around his hand, the animal bolted.

It is believed the youngster's head struck some object in the pasture while being dragged for half a mile by the horse.

## DEATHS RECORDED TODAY

Baker, Peter Paul.  
Gardner, John.  
Madill, Granville.  
O'Brien, Mrs. Patricia.  
Stelmach, Nick.  
Tobias, Mrs. Kathryn.  
Wilson, Mrs. Marian Southworth.

# It Happened TODAY

## People

Governor Thomas Dewey of New York might look at home in the Soviet delegation in the United Nations. He has just vetoed a bill permitting "super-buses" on New York highways. Such buses would be 40 feet long, 10 feet wide and have a low limit length of buses to 35 feet.

charged by Conservative MP George Drayton, is last the Government's fault, says Supply Minister Sturges who claims the Communist knives have been broken down for salvage.

## International

There may be a new four-power conference on Germany soon, Foreign Minister Schuman admits some of the talk about Russia wanting more talks on a German settlement have been "exact" others in "error."

The Netherlands and Belgium each get a small slice of German territory in accordance with a recent agreement among the Western Powers. The Netherlands gets 27 square miles and 13000 Germans while 19 square miles and 5000 Germans go under the Belgian flag.

## Cold War

Terror is only beginning in the United States, with the prisons filled with political prisoners. That's the charge made by Howard Fast, American writer at the Communist-sponsored world peace conference in Paris, Canada's delegate, James O. Endicott, charged that the Canadian northward is being quietly and effectively prepared as bases for long-range bomb attacks on the Soviet Union.

A Saskatchewan University graduate, W. L. A. Pope, has been appointed regional property manager for Central Mortgage and Housing Corporation. Pope was graduated in law in the class of 1927.

## Manners & Morals

Princess Margaret will cut down on her wardrobe for her trip to Italy. She will take only 26 dresses with her, six fewer than she had planned to take to Australia.

## Commonwealth

Canada's L. B. Pearson is now "more hopeful" of a successful outcome of the Commonwealth conference in London. The talks will decide whether India remains in the Commonwealth or becomes an outright republic.

## Great Britain

Two Protestant churches in Britain have protested the proposed visit of Princess Margaret to the Pope. The Protestant organizations have said: "The King to see his daughter does not visit the Vatican, nor does the Pope visit the British Isles." The Pope would be pleased at such a visit.

Kidnappers of Britain are sticky but happy today. Candy ransoming has ended. Not only the little kids are happy, but the adults are able to buy those all-important bonbons again.

Children of Britain are buying Communist daggers, it has been reported.

# Red Is Ordered To be Reported

(Continued from Page 1)

believe in or advocate subversive activities, that is, the overthrow of government by force.

The board of enquiry concluded its findings in the report of the board of enquiry was not expected today.

Lehchenko, 36, former Red Army officer, has admitted he was a Communist in the Soviet Union of Germany until he came to Canada 11 months ago. He depicted the country going to be a liberated person.

Lehchenko was charged with entering Canada by misrepresentation and by being a prohibited immigrant under the Immigration Act.

In Winnipeg, The Winnipeg Free Press said in a front page story that a displaced person who had been deported as a Greek orthodox priest, was reported as a Communist in Winnipeg until a few weeks ago when he was forced to flee the country.

## Calgary Friends Are In Uproar

By KEN METCAL

CALGARY, April 25.—(CP)—The exodus of Dmitry Lehchenko, former Red Army officer, has caused a stir in the city. The Russian population in an uproar to see the Russian secret police, depicted as a Greek orthodox priest, was reported as a Communist in Winnipeg until a few weeks ago when he was forced to flee the country.

## Police Secretive

Lehchenko, who arrived in Canada almost one year ago, a displaced person who was arrested last week while working in a Calgary metal-making factory and was taken to Winnipeg under strong police escort. So closely did police guard the secret of his apprehension that even his landlord "did not know he had been arrested until an official announcement was made Saturday."

In the sixth avenue east rooming house here, where he occupied a five-roomed house, Lehchenko was known as "Leshko."

Lehchenko made no secret among his friends that he was a Communist. He was a quiet, intellectual man, strongly anti-Communist, who hoped to bring his switchboard out from Germany.

## University Graduate

A graduate of a Russian university and able to speak seven languages, including German, French, Russian and French, Lehchenko was a student at the University of the Russian National Federation, a strongly anti-Communist organization.

Walter Barabach, a prominent Calgary member of the federation, said the arrested spy had often spoken to Federation meetings about Russia and that he had spoken against Russia and Communism.

He said Lehchenko had shown dramatic ability in two anti-Communist plays, "The Russian National Federation" and "The Russian National Federation."

# Differential Removal Reception Is Mixed

Decision of the board of transport commissioners Saturday ordering removal of the mountain differential rate on some railway hauls over the Rockies met with mixed reception in the prairie provinces.

Removal of the differential had been sought for years in British Columbia and Alberta. Premier Johnson and Attorney-General Gordon S. Winner both expressing "great satisfaction" over the board's decision.

PASSENGER RATES NOW Mr. Winner said that the board's new decision would remove of disadvantageous passenger rates.

In Edmonton, Premier E. C. Manning said he was "extremely gratified" that the mountain differential had been removed although he said this was only one of the "difficulties" to be removed.

He decried the long and short haul principle as of equal or greater concern to Alberta and said arguments on this point will be presented before the royal commission.

Removal of the mountain differential "is not the solution in itself," he said.

SASKATCHEWAN VIEW Premier T. C. Douglas of Saskatchewan said in New York that removal of the mountain differential was "the first step" in abolishing a discriminatory rate. The removal would affect only a small portion of the western part of Saskatchewan. He said he hoped other rate inequities, such as the high rate on long haul, soon would be removed.

Alex Aiken, secretary of the Regina branch of the Canadian Manufacturers' Association, said the removal of the differential would give British Columbia cities a large trading area to the disadvantage of industry in the prairie provinces.

However, he added some adjustment was expected in the differential rates which would equalize the advantage of the prairie provinces had gained through removal of the differential. Without increases in trans-continental rates, he said.

Residents claim it is also unjust to arbitrarily reduce the value of abutting property and to subject owners to extra heavy expenditures for grading and paving streets for the benefit of such heavy hauling.

Beulah Group Will See Film Ministry mission among the Beulah group of churches, which is portrayed by colored slides and actual photographs from the files of the South African General Mission, will be presented at Beulah Tabernacle tomorrow evening at 7:45 p.m. by Mr. and Mrs. Ralph Bowler, missionaries under appointment to Natal for the fall term.

Mr. Bowler, formerly pastor of a Christian and Missionary Alliance church in Eastern Canada, has recently accepted an invitation to join the faculty of the Transvaal Teacher Training College at Vryheid, Natal.

The Yellowknife, formerly Miss Grace Bellon, is a native of Edmonton. On Sunday evening in Beulah Tabernacle Mr. Bowler will give a brief resume of his life story and an evening leading to his decision to become a missionary to South Africa.

"Caddy" Seen Again UCLARET, B.C.—(CP)—Vancouver Island's legendary monster, "Caddy" has made another appearance. A fisherman reported he sighted a large sea serpent with a snouted head 20 feet from his boat on the Island's west coast.

# MARK TWAIN'S GREAT CLASSIC AT EMPRESS

Mark Twain's beloved classic, "A Connecticut Yankee in King Arthur's Court," opens its run at Edmondson's Empire theatre today. The film, starring Bing Crosby, Saturday completed a six-day run at another local picture theatre.

Filmed in 1921 with Harry Myers in the leading role, it was again in 1931 with the talents of Will Rogers, today it has become a re-imagined production with Bing Crosby as the hero, and a star-studded cast.

The romantic comedy for the first time shows Twain's original novel. It is filmed in Technicolor.

# Syrian Army Major To Die For Treason

AMMANUS, Syria, April 25.—(AP)—Major Paul Maridan Bay was sentenced to death for treason against the Syrian republic. He was accused of turning over to Jews arms originally purchased for the Syrian army.

# 2 BRITISH ACTORS RECEIVE N.Y. 'TONYS'

NEW YORK, April 25.—(AP)—Two British actors now appearing on Broadway were recipients last night of "Tony" awards, the American equivalent of Hollywood's "Oscars."

At a dinner sponsored by the American theatre group, Antoinette Perry awards were presented to Rex Harrison, star of "Anne of the Thousand Days," and Martin Luther, star of "The Madwoman of Chaillot," both British performers.

Ray Bolger, star of "Where's Charley?" and Norman Panama, star of "Life," were awarded "Tonys" for the best musical performance.

Arthur Miller's drama, "Death of a Salesman," and Cole Porter's "Kiss Me Kate" received awards as the best play and musical show.

Gibbs of 10336 108 street, Edmonton, names of the twins are William and John Gibbs. The return of twin pictures will appear in the new Edmonton Bulletin for the complete 199 pictures comprising the correct 80 sets of twins with four pictures appearing in each day's paper.

## British Embassy Officer Switches Over to Russia

By Henry Shapiro  
MOSCOW, April 25.—(UP)—Archibald R. Johnston, 52, high-ranking British diplomatic official, has renounced his citizenship and intends to remain in the Soviet Union to work for peace, the Communist newspaper Pravda said today.

The newspaper published an open letter from Johnston, chief editor of the British embassy's Russian-language newspaper here, attacking the Atlantic Pact, British foreign policy and "British and American warmongers."

Johnston is the highest Anglo-American official to break with his country since the end of the war. PROMINENTLY DISPLAYED His letter was prominently displayed in Pravda in four full columns under a headline in heavy type, Radio Moscow broadcast it. The 2,800-word letter said the Atlantic Pact "gave me the final impetus to make my decision." It added that the Pact was "a military bloc of Imperialist states, headed by the United States and England and directed primarily against the Soviet Union, the only owner of the great powers fighting for peace."

Johnston's letter caught the British embassy by surprise. "There was no immediate comment from British ambassador Lord Morrison, Peterson or other members of the British diplomatic staff."

Friends of Johnston in London who worked with him for many years on the Liberal newspaper News Chronicle expressed surprise. They said they knew him as a liberal, but not as extreme left.

**EMBASSY CRITICIZED** Johnston said he had taken the editorship of the embassy newspaper Britanski Soyuznik in the belief he could improve British-Russian relations. But it "became clear the British embassy in Moscow was not interested in the improvement of Anglo-Soviet relations and actually does everything possible to worsen them," the Johnston letter said.

In the connection, he said, Peterson ordered him to print anti-Soviet speeches by British Prime Minister Clement Attlee, foreign secretary Ernest Bevin and other British officials. "Every honest man must admit he can not remain indifferent," the Johnston letter said. "I can no longer remain an instrument in the hands of Attlee, Bevin, Morrison, prime minister Herbert Morrison and other leaders of the Labor party who are adding American monopolies, to whom a war will bring enormous dividends."

**REDS SAID PEACE FORCE** Johnston described the Soviets as the "leading force in the peace struggle and a force which from times all that's best in the world." He said that Frank Roberts, present British high commissioner in India who came to Moscow in 1945 as Bevin's personal representative on four-power talks on Germany, had instigated him to portray the U.S. Secretary of State George Marshall, Bevin and Attlee as advocates of peace and the Soviet

achieving power by deceiving the British people and now using it against the people. . . Johnston said. "I have therefore decided to break completely with the present British government, to remain in the Soviet Union and to devote what energies and abilities I have to the cause of peace," his letter added.

Johnston has held his editor's office here since February 1947.

## Record Warship Is Riddle in U.S.

### Authorization for Huge Aircraft Carrier Unknown

WASHINGTON, April 25.—(UP)—The great military riddle today is: who authorized the navy to begin building its \$188,000,000 super aircraft carrier?

Defense secretary Louis Johnson told the sailors on Saturday to stop work "at once" on the 60,000-ton ship whose steel was laid one week ago.

**NAVY SECRETARY MYSTIFIED** Returning from a speaking engagement in Texas, Navy Secretary John L. Sullivan said today he wanted to find out what this is all about, I had no idea such action was going to be taken.

Disclosure that Sullivan was not consulted in advance on the stop order prompted speculation that the navy secretary may have been in his resignation shortly. Sullivan himself would neither confirm nor deny this.

The idea of the supercarrier was conceived by the late admiral Marc A. Mitscher during his brilliant task force days in the Pacific. It was developed by Fleet Admiral Chester W. Nimitz in his voluntary last year. Nimitz saw such carriers as the only means of sending atomic bombers against a distant enemy in the opening days of a future war.

The air force evidently has agreed that action, at least that Johnston is concerned with its demonstration of the capabilities of land-based B-36 super-bombers. For a year, the navy had gone ahead with plans to build the ship which would have been the most expensive vessel in history. Yet no one seems to have discovered exactly on what basis the navy was going to float the 1,000-foot carrier for B-36 size A-bombers.

President Truman named the projected ship the U.S.S. United States last February. But at a press conference two days before Johnston's order, he said the matter of completing the vessel was not then before him for decision. Even then work presumably was in progress.

**Well-Known Officer Is Dead In East** TORONTO, April 25.—(CP)—Walter L. Rawlinson, 63, president of L. Rawlinson Ltd., died Saturday in hospital.

He was former officer commanding the Governor-General's bodyguard, past president of the Canadian Cavalry Association and a former director of the Military Institute.

Juggling has a long history, and can be traced back to the days of the ancient Chaldees and Egyptians.

## LATVIAN DP GIRL DENTIST NOW DOMESTIC

HALIFAX, April 25.—(CP) Stigmatisa Kinslaya spent most of her time during a trip from Bremerhaven to Halifax tending to the dental needs of other passengers on the transport General LeRoy Kluge.

A qualified dentist in Latvia, the pretty 26-year-old girl arrived here Saturday with 800 other displaced persons on her way to Toronto. She will work as a domestic

and south of Jerusalem to the Arabs. The territory includes the villages of Beit Issa, Katana and Villav. In return Israel got the village of Wajala.

## Hong Kong Vets Protest Pacific Pay

TORONTO, April 25.—(CP)—Toronto veterans of the ill-fated 1941 Hong Kong expedition Saturday protested the size of the Pacific pay cheques they received in the mail.

The cheques covered the bonus for Pacific service from June 1, 1945 until two months after the men returned home. For the average private in the expedition the sum totalled \$244.

J. R. Broad, treasurer of the Toronto Hong Kong Veterans' Association, said the men believed they should have been paid from December, 1941, when they were captured by the Japanese.

## Russ Building Giant Telescope

LONDON, April 25.—(AP)—Russia claims yesterday to be building the world's largest reflecting telescope. The report, broadcast by Moscow radio, did not give the size of the reflecting mirror.

The world's existing biggest telescope is in California. It has a 200-inch mirror. Moscow radio said the new Russian instrument will be installed on the southern slopes of Mount Alaghat in Armenia.

When first discovered and used as a beverage, ice cost from \$30 to \$50 a pound.

## ACID INDIGESTION

It must be remembered, however, that the stomach is a very important organ and that it must be kept in good condition. The stomach is the first of the digestive system and it is the first to receive the food that we eat.

## Present Abbott Cup To Brandon

BRANDON, April 25.—(CP)—Before retiring to their dressing room after capturing the Western Canada junior hockey championship Saturday for the first time in its city's history, Brandon's "Heat" Kings were presented with the Abbott Cup, for western champions, by an impressive crowd of 1,000.

Art Rice-Jones, manager of the defeated Calgary Buffaloes, paid tribute to the fine work of the Western and said "the better club won."

Meanwhile, Roy Frederick, brilliant goalkeeper of Brandon and individual star of the series, had climbed on the back of a horse ridden by a Brandon citizen dressed in full cowboy regalia in honor of the victorious team. Coach Billy McKenzie soon pulled Frederick off the horse as he only one goal and injury to the star goalkeeper would put the team in a precarious position.

Back in the dressing room, Whistles went into their throats. The looking over a four-leaf clover, started when a female fan donated four-leaf clover picked from her yard to each member of the club before leaving for Calgary last week.

The boys were unanimous in their statement that they had won the Western, veteran trainer Fred McKenzie, who had been a member of the club before leaving for Calgary last week.

"WISH WE HAD 'IM," says George Morris, president of the Edmonton Senior B Baseball league, as he gazes at a picture of Stan Musial, St. Louis Cardinals slugger.

## Six-Team Senior B Loop Rarin' to Go

President George Morris of the Edmonton Senior B Baseball league announced last night that six teams would comprise his circuit this summer.

A letter from Pages was turned down, leaving CIAC Canadian Texaco Oilers, Westmont, Runcie's Oilers, South Side Bruins Men, and RCAF holding franchises in the league.

A meeting of team representatives will be held Tuesday night at 7:30 o'clock in Kent's garage. The senior B's expect to open the season at Clarke Stadium on May 15, playing the second half of a doubleheader. Canadians and CNR of the junior league are slated to appear in the first game.

President Morris also issued a call to all average juniors desirous of making an in senior B competition. All teams require player material at the moment.

## Nobody Too Excited Over Reds', Chisox' Fine Starts

NEW YORK, April 25.—(HUP)—Nobody was very excited today over either the Chicago White Sox or the Cincinnati Reds, but even after just one week of the baseball season it looked as if both clubs might be headed for better times.

There was no dancing in the streets either in South Chicago or in Cincinnati because it still was at least 1,000 to 1 that these teams which met in the historic Black Sox scandal World Series of 1919 would meet again this year or any other year in the near future.

But it was hard to deny them the glory they have earned in one short week. Look at the White Sox. Generally considered a "best bet" for last place in the American league they rose to the heights yesterday by building a five game winning streak sweeping a double header with the Browns, 5-1 and 4-0.

REDS DOING FINE  
The Reds divided with the Pirates at Pittsburgh to stay in second place in the National league, winning the opener 2-1, then losing the afternoon 3-1. Lloyd Merriman, Cincinnati rookie, hit a triple and homer in the first game, Ralph Kiner of the Reds hit his second home run in as many days, to no avail.

In the second game, rookie third baseman Ed Bonham of Pittsburgh accounted for all of his team's runs with two homers, one a four-run shot.

The Yankees, cashing in again on a big inning highlighted by New York's ace pitcher, Joe Goetz, won the afternoon 3-1. The Yankees won their third straight game, their first since the season before they won two games in Boston.

AMAZING 'A'  
The amazing Philadelphia Athletics got a fine job of pitching from Lefty Low Brissie and beat the Senators at Washington, 3-1, sweeping the three game series.

The Dodgers and Phils divided in Philadelphia, the Phils taking the opener, 7-4, and Brooklyn winning the nightcap 6-3. Richie Ashburn's two-run homer was the big blow in Phil's first game triumph.

The Cardinals topped the Cubs, 4-1, in St. Louis when Joe Garagiola doubled home the winning three-run homer in the first inning sent the giants off to a 6-2 triumph, their second in a row, 5-0, the Boston Braves.

## LIKE CITATION LIKE COALTOWN...

HAVRE DE GRACE, Md., April 25.—Coaltown, stablemate of the sensational Citation, was brought out Saturday to give Maryland racing fans their first look at his speed, but they're still waiting.

The Calumet Farm star went to the post alone for the Edward Burke Handicap. Jockey Steve Brooks, up on Coaltown for the first time, just let the four-year-old romp through 1 1/16 miles of mud.

The Havre de Grace management cut the \$15,000 purse to half because it was a walkover. Three owners with entries in the Burke bowed out gracefully before post time.

This left Calumet with the only two left—Coaltown and Faultless. Trainer Jimmy Jones made it unanimous for the stable's current darling by withdrawing Faultless.

## East, West in Junior Basketball Squabble

VANCOUVER, April 25.—(CP)—As far as the Canadian Amateur Basketball association is concerned, the winner of the Winnipeg Light Infantry-Raymond, Alta., junior series will be the Canadian champion.

President Eddie Bowring of the CABA made that clear last night in commenting on an apparent mix-up in the junior basketball final plans between east and west.

Western association secretary Jim Smith reiterated the stand he announced Saturday night in naming the Winnipeg series a best-of-three affair, the Canadian final.

"We even went to the trouble of phoning Toronto," said Bowring. "Neither Toronto nor Windsor was interested in taking a team down to play in the final."

Informed of a report that St. Stephen, N.B., Legionnaires and Toronto Central were planning a Canadian championship series to start Monday in New Brunswick, both Vancouver officials said they knew nothing of it.

Even if the playoffs in the east did finish in time to offer quick competition for a western winner, some interest should have been shown down there in getting western winner to the east, he said.

Winnipeg Light Infantry defeated Raymond 81-47 Saturday, after dropping the opener 74-88 Friday.

## in Edmonton it's the BAY for Fashion

McCREADY'S  
TITLE ON LINE  
TUESDAY?

At Mills and Earl McCreedy meet in the main event on a wrestling card at the Stock Pavilion Tuesday night. Promoter Al Oeming has not disclosed whether McCreedy's British Empire heavyweight title will be at stake or not in this tussle.

Others scheduled to match greens are Jack McDonald vs. Stuart Hart and Frank Murdoch vs. Max Marshall. That was when Olympia showed he had it take.

Junior Ball Confab  
Meeting of the Edmonton junior baseball league will be held tonight at 8 o'clock in the Masonry Hall. All club delegates are asked to attend this meeting for the purpose of discussing the 1949 season.

Oil centre of Devon is a town of beautiful homes. Main residential streets have cement sidewalks and there is talk of street paving in the near future. Typical Devon mother takes family out for an airing. She is Mrs. C. G. Hartman. Husband works for Imperial Oil Ltd. Son Kenneth, two, walks beside mother, who wheels carriage containing baby Robert, aged two months. Hartmans own their own home like most Devon residents.

Devon fire department is on duty 24 hours a day. Equipment consists of former RCAF crash truck, having all latest chemicals. Assistant Chief Melvin Badry shines up his fire truck. E. G. Williams, former member of Edmonton Fire Department, is chief. A new modern pump rig will be purchased soon.

A unique water pumping station that can "run" away from high water in the Saskatchewan River is proud boast of Devon. Pump house intake for town water supply is attached to cable winch that hauls it up bank when river rises. Here pump house operator Fred Player watches river while his faithful dog, Patricia, looks on. Imperial Oil Ltd., has installed fully modern filtration and sewage disposal plant operates at Devon.

## Boom Town of Devon One of Finest Here

By Jack DeLong

Lusty, growing infant of the oil boom is the pretty town of Devon. Two short years ago Devon hadn't been thought of.

Fifteen months ago, the idea of an oil field centre for the huge army of oil field workers started to take shape.

Today Devon is a picturesque town of modern homes nestled on the south bank of the winding Saskatchewan river about 15 miles southwest of Edmonton in a direct line.

Devon is the home of approximately 500 people. It is a town that is clean as a band's tooth. There are no slums in Devon and it is unlikely there ever will be.

Although 90 per cent of the residents of Devon work for Imperial Oil Co., it is not completely a company town.

Anybody can live in Devon or start a business there.

Some 125 stately, modern homes are owned by oil company employees.

Total approximate value of the homes is placed at \$750,000.

**MORE BUILDING**

More homes are in the building now. It is predicted the town will have a population of at least 1,000 within the next two years.

Purchase of homes by oil company employees is facilitated by Devon Estates Ltd., an Imperial Oil subsidiary. But financing is done through Central Housing and Mortgage Corp., in a similar manner to other housing projects throughout Canada.

The Devon Estates officials try to guide employees as to the type and size of homes in order that owners may not overburden themselves by heavy financial undertakings. Lots are purchased through Devon Estates.

Vernon H. Hunter, district superintendent for Imperial Oil Ltd., is the man chiefly responsible for "running" the town of Devon at the present time.

Actually Devon is not yet a town or even a village in the technical sense.

**KEY MEN**

He is assisted by A. M. Irisk, P. B. Fraser and Walter Dingle. A. L. Laberge is assistant district superintendent.

George Powell, townsite engineer for Imperial Oil, is also a key man. Imperial Oil Ltd. has \$400,000 invested in building in Devon with \$200,000 more in construction underway. Households for single men are now being built.

Of course, Devon will eventually receive the huge \$10,000,000 gas compression plant. Clearing of the land for the gas plant is now underway just south of the town.

The reason for building Devon was twofold. To provide housing for personnel working in the field, and to provide a central location for administrative work in the field.

The business section of Devon is growing rapidly.

**THEATRE SOON**

The Delta Hardware Store on the main street is the finest building for personnel working in the field. It will be used in the RCAF's special training program. Previous long-distance trips undertaken were to Edmonton and California during the past six months training.

Outfitted with special long-range gas tanks in their bomb bays, the Lancasters are expected to cover thousands of miles during the next two weeks' flights over the Arctic and polar wastes.

The two aircraft, extensively equipped with all latest radar, radio and laser devices, are first to be used in the RCAF's special training program. Previous long-distance trips undertaken were to Edmonton and California during the past six months training.

## IMPROVEMENT JOBS BEFORE COUNCIL

Local improvement schedules totalling \$316,734 will be submitted to city council this evening for approval.

Commissioners recommended that work on projects for which fully signed petitions have been received be authorized, and that those not fully petitioned for be advertised.

The local improvements include: grading and graveling, \$68,665; concrete curbing, \$84,412; paving, \$5,586; oiling gravel roads, \$22,453; bituminous walks with concrete base, \$70,890; bituminous walks with gravel base, \$53,261, and plank walks, \$11,492.

For the time being Devon school children attend classes in one of the Imperial Oil buildings.

Church services are held temporarily in a company building but at least one church is likely to be built soon.

**NO JAIL**

Devon is no boisterous boom town. There is no town jail. At the present time the town is policed by RCMP from Leduc detachment, 11 miles to the east.

There is no yet no hospital in Devon but emergency cases are given first aid treatment in a well-equipped section of the five hall under the direction of nurse Miss Deborah Swanson, R.N.

A community hall is planned and there is the best of swimming pools. There is a pool hall and during winter months curling was a popular pastime in the well-built curling rink. There is also a good-sized outdoor hockey and skating rink.

Recently a community club, with membership open to all residents, was formed. It is approximately called the D-3 club, named after the sub-producing zone around Devon.

Baseball and softball teams have been lined up which intend to compete in regular leagues against surrounding towns and villages.

The morale of Devon residents is high and from the way residents talk it is going to stay that way.

**Two Men Drown**

MONTREAL, April 25.—(CP)—Two men were drowned at nearby Montserrat yesterday when the boat in which they were fishing tipped over. Missing are Hugh Dore, 35, and Edward Robb, 30, both of Montreal.

Mr. Stone will assume his duties June 8. "I've only been in Sweden once, and then as a tourist in 1937, so I'm looking forward to the post with what I must admit is genuine excitement," the silver-haired, twinkling-eyed diplomat said here today.

He believes Canada may find a market for heavy machinery, some automobiles and possibly wheat supplies in Sweden.

"I'll know better about that when I return, probably on leave about 18 months from now."

Part of his interest in Sweden is to see the steel and iron industries predominate there.

He once left the diplomatic service after a distinguished career with legations in Washington and Paris, to farm in South Carolina.

"We grew potatoes and tomatoes, and peaches and nuts—all of them in the five years we had on the farm," he recalled.

Mr. Stone returned to the diplomatic service after the Second World War. Mr. Stone returned to diplomatic service, and for the past four years has been Canadian minister at the embassy in Washington.

His visit to Edmonton, on which he is accompanied by Mrs. Stone, is his first in 27 years. Last time he was here, I came to see my cousin who is an Edmontonian," Mr. Stone said.

He is in Edmonton today while he is in the city to see Dr. Robert Newton, president of the University of Alberta, and on Premier Manning. Sunday he visited the Leduc oil fields and today will continue his western tour.

## Power Plant Issue Looms

### Special Council May Decide Conversion

Special meeting of city council will be called in the near future to determine whether the city's power plant will be converted wholly or partially to natural gas, or continue to use coal for generating power.

Complete conversion to natural gas would save the city approximately \$1,000,000 over a five year period, but would be a blow to the already battered local coal industry.

According to a report being filed at tonight's city council meeting by W. J. McFarland, power superintendent.

Local mine operators would lose a \$3,500,000 market in the five year period if complete conversion to natural gas is approved by council.

**MORE LOSS**  
City truckers also would lose between \$125,000 and \$150,000 annually if the plant is completely converted to gas fuel.

Saving of \$960,000 would be effected in the five year period through partial conversion without seriously crippling the Edmonton district coal industry.

In his report to Council Superintendent McFarland points out that as conversion affects the coal and trucking industries council must decide how far the power plant should go in aiding these industries.

His report furnishes cost data on which council can decide the city's policy.

Capital costs to increase capacity to 90,000 kilowatts if all-coal fuel is decided on would be \$1,200,000; if all-gas fuel is used, the cost would be \$1,000,000, and partial conversion, \$960,370.

Natural gas operating costs would be \$2,352,700, and partial gas operating costs would be \$2,363,720 for the five year period.

Coal requirements for the five years under all-coal fuel would be 1,360,000 tons.

Partial conversion would reduce tonnage to 800,000 tons if boiler was converted, and to 600,300 tons.

Transit system facilities will be extended to residents in the Beachmont district.

City Commissioners will recommend to city council tonight that a gasoline bus service be inaugurated to this district.

They propose that a temporary service be run from 111 avenue and 101 street north on 301 street to 118 avenue, west to 106 street, north on 105 street to 122 avenue and east on that avenue to 97 street, south on 97 street to 118 avenue then east to 96 street and south on that street to the 101 street and 111 avenue terminus.

Supplies will carry identification cards, and householders are urged to report to the city any needed particulars for the reassessment.

Homes will be assessed on the basis of improvements, accessibility, services, and quality of district.

Commercial buildings will be assessed on land values, location, traffic, comparative rental and property sales values, Mr. Macdonald said.

Reassessment, in Mr. Macdonald's opinion, will result in a leveling up of property values.

Morale of residents of Devon is very high, oil officials declare. Here's one reason for good morale in the oil centre. "Toby" Wilkin (with ball), is ready to sock a homer, although catcher Jim Brinker has other ideas. Softball, baseball, curling and hockey, help Devonites enjoy themselves.

## Airforce Bombers Set Cross-Canada Record

Two RCAF Lancaster bombers arrived at Edmonton over the week-end from Summerside, P.E.I., after setting a record time of nine hours and 45 minutes for the cross-Canada flight.

The specially-equipped navigation-training aircraft, piloted by P/Lt. John Moss and P/Lt. Bob Mungall, were stopping here en route to Whitehorse, where they will be based during the coming two weeks on Arctic navigation training.

"Polaris" and "Zenith," which averaged a speed of 242 miles per hour on the long haul, are carrying eight commissioned RCAF officers and one American, all trainees from the Air Force's navigation school at Summerside.

Under the direction of S/Lt. W. L. Gillespie, senior officer and instructor on the special course, the men are going through final phase of their training in Arctic navigation.

The two aircraft, extensively equipped with all latest radar, radio and laser devices, are first to be used in the RCAF's special training program. Previous long-distance trips undertaken were to Edmonton and California during the past six months training.

Outfitted with special long-range gas tanks in their bomb bays, the Lancasters are expected to cover thousands of miles during the next two weeks' flights over the Arctic and polar wastes.

## Frances Casselman Weds Bob Reynolds

### Bride Wears Grandmother's Veil For Pretty Ceremony at Knox Church

In a candlelit ceremony Saturday evening in Knox United Church, Frances Cora Casselman exchanged marriage vows with Robert George Reynolds.

Rev. Gerald Rogers and Canon Winston M. Nainby performed the ceremony before an altar backed with rose magnolias and white calla lilies, intermingled with ferns and lighted from above with slender tapers.

The bride, who was given in marriage by her uncle, Ernest R. Wall, of Montreal, is the daughter of Mr. Frederick C. Casselman of Edmonton, and the late Mr. F. C. Casselman.

The bridegroom is the son of Mr. Graham C. Reynolds, of Edmonton, and the late Canon G. G. Reynolds.

White breasted stiffs fashioned the bride's gown, which was styled with a fitted bodice, bowtie neck line and long, billow-sleeved sleeves. A full skirt fell gracefully from the V waistline, and was caught into a triple bustle effect at the back.

GRANDMOTHER'S VEIL  
Veil of silk net, which had been worn by the bride's grandmother, was caught to a halo of matching, broadened tulle, she her only jewelry, the bride wore a gold Maltese pendant, and also carried a cascade bouquet of white crocuses, pink and white daisies.

Miss Betty Reynolds attended her brother's bride. She chose gentle, broadened tulle for her gown, which was styled with a fitted bodice, bowtie neck line and long, billow-sleeved sleeves. A full skirt fell gracefully from the V waistline, and was caught into a triple bustle effect at the back.

## Kiwanis Women Help With City Projects

Kiwanis Ladies' Club is assisting in three projects, the Chamber Society Drive, Friendship Club and the Citizens' Auditorium committee.

Report on the work of the club at the home of Mrs. John B. Mendenhall.

Mrs. J. W. J. Mendenhall read the treasurer's report, announcing proceeds of \$2,500 from the fashion show.

Mrs. Mendenhall and Mrs. L. G. Mendenhall reported on a survey of the home's need for furnishings and linens.

Mrs. Mendenhall announced a supply of craft materials for Mrs. J. Mendenhall's work.

A no-nonsense dinner and bridge will be held May 6th at the home of Mrs. J. Mendenhall.

Mrs. J. Mendenhall gave a review of her recent historical novel, "Faint Hearted."

Mrs. William Gifford invited the women to the dining room for tea.

Mrs. Gifford presented a table set with a tablecloth and pastel-colored tapes.

Mrs. J. Mendenhall, Mrs. W. Gifford, Mrs. H. O. Patterson, Mrs. L. W. White and Mrs. Bruce H. Mendenhall assisted in serving.

Do You Know? If your skin is inclined to be sultry, use the best to wear a face mask.

## Choral Ceremony at All Saints' As Evelyn Stanley Becomes Bride

In a pretty choral ceremony at All Saints' Cathedral Saturday at 8 in the evening, Evelyn Hornby Stanley, daughter of Mr. and Mrs. Walter M. Stanley, became the bride of Thurston Glyn Harrison, son of Mr. and Mrs. Alfred Harrison, all of Edmonton.

Spring flowers banked the altar of the church for the wedding at which Very Rev. A. M. Tremblay, Dean of Edmonton, officiated.

Veritas Barford played the wedding music and the choir sang "O Perfect Love" during the signing of the register. At the conclusion of the service the choir turned a guard of honor for the bride and bridegroom.

Given in marriage by her father, the bride wore a gown of ivory tulle, which was styled with a fitted bodice, bowtie neck line and long, billow-sleeved sleeves. A full skirt fell gracefully from the V waistline, and was caught into a triple bustle effect at the back.

White breasted stiffs fashioned the bride's gown, which was styled with a fitted bodice, bowtie neck line and long, billow-sleeved sleeves. A full skirt fell gracefully from the V waistline, and was caught into a triple bustle effect at the back.

## Calendar

Holy Trinity WA will meet tomorrow at 10 p.m. in the Parish Hall.

Unity Brethren Lodge No. 25, I.O.O.F. meeting in the Atrium hall tonight at 8 p.m. initiation.

United Church of Christ will meet at 8 p.m. in the home of Mr. F. E. Reynolds, 101 Jasper Avenue, Wednesday at 8 p.m.

Victoria M.U. meeting at St. Michael's United Church tomorrow at 8 p.m. Rev. G. M. Adams will be guest speaker.

Parish Group of St. Paul's Women's Auxiliary meeting at the home of Mrs. C. Campbell, 1154 142 Street, Wednesday at 8 p.m.

Lady Strathcona Lodge No. 132, I.O.L.E., meeting in the Orange Hall, 84 Avenue, Wednesday at 8 p.m.

Ladies' Auxiliary of Newman Community League meeting in the Community Hall Tuesday at 8 p.m. Mrs. C. Baker of Kenyon Greenhouses will speak on gardening.

Beetle Drive To Be Held Tomorrow

Alberta British Commonwealth Association will hold a Beetle Drive in the Social Credit hall, Jasper Avenue, tomorrow at 8 p.m. An invitation is extended to all non-resident immigrants.

Spence-Grant Wedding Held at Yellowknife

YELLOWKNIFE, N.W.T., April 25.—Colorful spring blossoms perfumed the Yellowknife Baptist Church recently for the wedding of Jean Violet Grant and Duncan James Spence.

The bride is the daughter of Mr. and Mrs. W. H. Grant of Edmonton. The bridegroom is the son of W. H. Spence of Regina, Sask., and the late Mrs. Spence.

Rev. K. Albee performed the ceremony. Given in marriage by her brother-in-law, D. W. Powers, the bride wore a four-length gown of pastel blue nylon and carried a bouquet of American Beauty roses.

ATTENDANT WEARS PINK  
Attending the bride was Miss Peggy Vogel who chose a pink mist dress for the occasion. She carried a shower cluster of pink and white carnations.

Allen J. Weeks was man. Wedding music was played by Mrs. Deryk Hodgson, Leo Morrow was soloist and sang "Hear ye" during the signing of the register.

Following the ceremony a reception was held where the father of the bride assisted in receiving Mrs. Grant across a trunk of wedding gifts.

The bride's gown was styled with a fitted bodice, bowtie neck line and long, billow-sleeved sleeves. A full skirt fell gracefully from the V waistline, and was caught into a triple bustle effect at the back.

## Politt Escapes By Cellar Window

### Mob Breaks Up U.K. Red Meeting Near Plymouth

PLYMOUTH, Eng., April 25.—(UP)—British Communist leader Harry Politt fled back to London early today after escaping an angry crowd of 5,000 Britons by climbing through the rear window of a Communist meeting hall under police guard.

## Black Diamond Hit by Flames

BLACK DIAMOND, Alta., April 25.—(CP)—A raging fire, driven by strong winds, today raged almost an entire block in this southwest Alberta town, 24 miles southwest of Calgary.

Six buildings were destroyed in the fire which caused an estimated \$200,000 damage. The fire broke out about 4 a.m. in the office of the Black Diamond Transport Company, then rapidly spread to adjoining buildings.

No one was killed or injured. More than 100 volunteer firemen battled the blaze for about four hours before bringing the flames under control. Besides the transport office, buildings destroyed were the Beauty Shoppe, Calgary Power Company offices, the Welcome Inn, a two-story rooming house and a ladies' and children's ready-to-wear store. A general store, owned by A. G. Wroble, was damaged.

## 3 Speeders Die in East

TORONTO, April 25.—(UP)—Three men were killed and two injured today when their speeding car veered off a road and crashed head-on into a street car.

Police identified the dead as Philip J. Castelli, 31, Kenneth Plante, 35, and driver Liggett Doucet, 31. Kenneth Miller, 31, was in hospital with concussion and George Willis also 31, was released after treatment. All lived in Toronto.

An inquest was scheduled into the accident which witnesses said resulted in the street car skidding 20 feet.

Chief Coroner Dr. Smiley Lawson said an inquest would be held after blood tests had been taken to determine whether men had been drinking before the crash.

## RCAF Planning Big Photo Survey Year

OTTAWA, April 25.—(UP)—Royal Canadian Air Force will begin ambitious aerial photo surveys today, expecting to more than equal last year's record mapping of 80,000 square miles.

The first aircraft will leave Rockcliffe airport here to start on the 947,000 square miles target for this year.

The air force expected this figure would be on the modest side by the time its three squadrons finished in six months' time. Last year, the squadrons were up to 100,000 square miles.

More than 500 personnel and 30 aircraft will be used in the surveys. The mapping will take place over the northwest.

## Windsors Leave U.K. For France

LONDON, April 25.—(Reuters)—The Duke and Duchess of Windsor left London by train last night to return to France.

The Duke arrived in Britain nearly three weeks ago. The Duchess joined him for Easter at Sandringham Lodge, Sandringham, home of the Earl of Dudley.

## 10 Churchgoers Die In Crossing Smash

CANTHRIDGE, Tenn., April 25.—(AP)—A fast freight train rammed a truck crowded with Sunday worshippers at a crossing near here last night killing 10 persons—nine in one family—and severely injuring another.

## TB Relapse Rate Set At About 20 Per Cent

OTTAWA, April 25.—(CP)—Two of the top medical men in Ottawa said Saturday that the rate of relapse among Canadians cured of tuberculosis is about 19 or 20 per cent.

Dr. G. J. Wherrett, chairman of the Canadian Tuberculosis Association, said that about 30 per cent of TB sufferers, released as cured, suffer relapses and must return to hospital.

Dr. W. P. Warner, director general of treatment services in the veterans' department, said the relapse rate among veterans was about 18.8 per cent.

ONE REPORT IS 30  
The two medical men gave their statements in interviews with Dr. A. D. Temple, superintendent of the St. Hyacinthe, Que., veterans hospital, was quoted as saying to Montreal that about 30 per cent of those released from Canadian sanatoria as cured either die or return to hospital within three years.

Dr. Wherrett said a Canadian survey made a few years ago showed that about 50 per cent of those "cured" while in the very early stages of TB died within seven years. But the death rate among those who were cured while in the late advanced stages was only nine per cent.

OCCUPATIONS BLAMED  
Dr. Temple was quoted as saying that the "atrocious" relapse rate was due to the fact that many of those cured of TB are being forced into occupations for which they are physically unsuited.

Dr. Wherrett said he agreed that employment has a lot to do with the question of whether a person suffers a relapse.

Dr. Warner said the veterans' department takes special steps to see that there are no relapses. Veterans' hospitals get the TB sufferers into the best possible physical condition.

DENTAL CLASSES at the Free University of Berlin are overcrowded these days—with women. The influx of women in dentistry makes every day a ladies' day in classrooms such as this. Here, Professor Ulrich Fehr gives his students, all of them women but one, a lesson in filling cavities. The University was established by the western powers to accommodate students barred from the Soviet-sector University of Berlin because their parents weren't workers.

## Charges Made On Warships

### By Churchill

LONDON, April 25.—(UP)—Winston Churchill leveled charges against the Labor government today that it had abandoned its warships on the Yangtze river in China, where they were hit by Chinese Communist shore guns that killed 40 men.

Others protest  
The general charges were that the ill-fated ship Amethyst should not have been sent up the river and that if the river was absolutely necessary air cover should have been provided.

Resides Churchill, other Conservative members of parliament and the British press joined in the charges against the government.

The government's explanation of the affair will be submitted to the House of Commons tomorrow when it recovers after an Easter recess. In this connection, defense minister A. V. Alexander has cancelled a long-planned trip to Norway and plunged into a series of conferences on the incident.

## WHAT? DIDN'T THEY INVENT THE PIG TOO?

LONDON, April 25.—(AP)—The blood of capitalist pigs is about to flow freely—in the veins of Soviet swine. The National Pig Breeders' Association disclosed yesterday nearly half of the British porkers exported for breeding in 1948 went to the USSR—478 out of 1,015.

The pigs shipped to Russia were bought by All-Union Corporation of Moscow. Its purchases included 428 large whites and 49 Berkshire.

Two Ride Avalanche And Escape Unhurt  
PORT WILLIAM, Scotland, April 25.—(AP)—Two young mountaineers climbed a snow avalanche 1,500 feet down a precipitous Saturday night and lived to tell it.

The only injury was a badly twisted knee suffered by Audrey Webster, a Liverpool University student. Arthur J. Perman said down with her.

4 Die In Army Truck  
YAKIMA, Wash., April 25.—(AP)—Four soldiers returning to camp were killed yesterday when a truck in which they were riding overturned and plowed them beneath it. Seven men were injured.

## Clue to Tenor's Killer Said Not Sure by FBI

ATLANTA, April 25.—(UP)—Investigators searched for new leads today in the slaying of Metropolitan Opera tenor John Garza after the one clue linking their "hottest suspect" with the killing was ruled inconclusive.

They had hoped ballistics tests would prove the bullet which killed Garza here early Thursday was fired from the gun of Grover Pulley, convicted murderer held in Clinton, S.C.

NOT CONCLUSIVE  
But the FBI in Washington, after lengthy examination of the death scene and Pulley's gun, reported it was "not possible to reach a conclusion whether or not the bullet was fired in submitted pistol."

Det. L. M. M. Coppenger and Dr. Herman Jones, Atlanta crime laboratory chief, took the gun and bullets to Washington for a final check after exhaustive tests here proved inconclusive.

The FBI tests did not rule out Pulley completely as a suspect. Police Chief Herbert F. Jenkins said here "It remains to be seen" whether Pulley would be cleared of suspicion.

Clinton police also arrested Pulley's step-brother, Wilbert Woolard, 23, of Stanley, N.C., for investigation after his name was found on the telegram made pistol.

HELD SEPARATELY  
It was believed that Pulley got the gun from Woolard. Woolard was taken to jail in Laurens, the county seat, so he could not communicate with Pulley.

Pulley, who served 17 years in a North Carolina prison for killing a policeman, had admitted being in Atlanta the Thursday morning the German-born opera tenor was slain.

Coal Mine Fire Loss Is Heavy  
THREE HILLS, April 25.—(CP)—More than 300 volunteer fire fighters from the Three Hills district Saturday night assisted in extinguishing a fire which destroyed a boiler house, wash house and equipment in a nearby coal mine.

The fire, which broke out about 6 p.m., caused damage estimated at about \$10,000.

The volunteer fire fighters also put out three grain fires started by sparks from the burning buildings. Three Hills is about 12 miles northwest of Calgary.

# Selling Pressure Hits Industrials

## Gold Dip in Mid-Session; Western Oils Remain Firm

TORONTO, April 25.—(CP)—Industrials backed down under selling pressure in one of the quietest sessions in some time on the Toronto Stock Exchange today. Golds also eased in mid-session and base metals showed a slightly weaker tone. Western oils held firm as a few key issues advanced slightly. Volume was about 500,000 shares.

Papers led the downturn in the industrial groupings with Brown, led, touching a new low. Stocks were generally held in fractions over a wide list of industrial issues. A few stocks were better and liquor and textiles were mixed. Utilities, fuel and refining oils showed a majority of losses.

Losses about doubled gains in base metal, Consolidated Smelters, Veranda and International showed fractional losses while Labrador and Storr's Rock firms.

Royale rose steadily in a quiet western oil list. Oils and Pacific Petroleum gained pennies.

## NORTH CONTINENTAL FUTURE AT CALGARY

CALGARY, April 25.—(CP)—Continental supplied the bulk of the action as "summer" schedule went into effect on Calgary Exchange. Out of a total of 50,000 shares sold, North Continental accounted for 25,000 at 13 1/2. The close was 1 1/2 cents off Saturday's price.

AP Con was about 1 1/2 at 23 and prices closed at 24 after early gains at 25 in a turnover of 2,500. Harland finished a quarter cent up over Saturday at 18 1/2 and Ocala was down at 22 1/2. East Leslie dip to 23 and Leslie Calmar sold at 14. Central Leslie dropped to 14.

# Coarse Grain Futures Show Little Change

WINNIPEG, April 25.—(CP)—Coarse grain futures prices moved narrowly today on the Winnipeg Grain Exchange, showing a slightly easier tone in most cases.

Oats came in for buying by mills, shippers and seaboard interests, while barley was better held by shippers. Offerings, representing hedging by elevators, were on a fair scale throughout the fairly active session.

Rye prices declined on elevator selling.

Class two wheat prices remained unchanged from Saturday at \$2.15.

## QUOTATIONS

## EATON'S bellefair Dresses

One of Our Own Brands

Smart Bemberg rayon in new prints... swirls, flowers, conventionals! There are about six different styles in both one- and two-piece models for both misses and women. Sketched at right are three of these models.

A. Softly feminine in detail is this specialized side model. Neckline scalloped, sleeves 3/4 length. Skirts softly pleated in front. Floral on black, navy, tan, green. Sizes 16 1/2 to 24 1/2.

B. Plunging neckline with little roll collar in the new manner. Unusual peplum draped at front, flared at back. Small floral in brown, navy, aqua, grey, black. Sizes 12 to 20.

C. Apron drape effect offers an interesting contrast to slim, simple lines. Jewel neckline, cap sleeves. Attractive print predominately red, blue, green, grey or tan. Sizes 12 to 20.

Other styles in sizes 11-15, 14-20,

38-44 and 16 1/2 to 24 1/2.

EACH \$8.95

EATON'S Ready-to-Wear, Second Floor, South

## Gatonia Skirts

All-wool skirts which will be a worth while addition in your wardrobe. Good skirts for business wear, also may be worn for golfing. Two styles from which to choose... a gored skirt in black, brown and green, and a straight cut skirt with button trimmed side slits in green, brown, navy, black, blue and light blue. Sizes 14 to 20.

EATONIA VALUE, EACH \$5.75
